34 MINUTES

RESOLVED : that the Minutes of the Council Meeting held on 25th June 2013 be approved as a correct record and signed by the Chairman.

35 OPEN FORUM

The following items were raised by members of the public :-

- Several residents of Moorfields attended the meeting to voice their objections to the proposed housing development to the north of Moorfields. Some of the concerns expressed included the fact that this was a green field site, the lack of an Environmental Impact Assessment, traffic issues in the area, and the general lack of adequate infrastructure. The chairman advised that no actual planning application had yet been submitted to which the council could respond, but re-iterated the clearly set out position of the council in that it is opposed to any further development within the Green Gap.
- Parking problems on Wistaston Road close to the junction with Meadow View was raised once again. This has been taken up with Cheshire East Council by Borough Councillor Silvester.

36 POLICING ISSUES

There was no police presence at the meeting but at the recent cluster meeting Anti-social Behaviour and Speeding were again agreed as the main priorities for the police to focus on. The issue of youths congregating on Wistaston Road around the social club was raised and is being monitored. The police are also currently undertaking a specific traffic offence campaign in the area using both marked and unmarked cars.

Councillor Silvester reported on the following matters :-

- Plans to tackle the drainage issues on Coppice Road have been included in the Cheshire East Council programme of works for 2013/14.
- The recently repaired potholes in Bayley Road are once again crumbling and Councillor Silvester has asked for the road to be properly resurfaced.
- The Willaston Fete Committee missed out on a grant from Cheshire East Council this year because the application was submitted too late. However, there is a good chance of a grant being awarded next year if an early application is submitted.
